

NEW BEGINNINGS WITH HIMEX CORPORATION

**Empowering Healthcare in the Philippines
with Advanced Technology**

About Us

OUR COMPANY

For over three decades, HIMEX Corporation has been a key player in the Philippine healthcare industry, delivering cutting-edge diagnostic equipment nationwide. We are dedicated to making state-of-the-art medical technology accessible to all Filipinos, raising the bar for patient care across the country.

OUR VISION

To be the foremost provider of innovative healthcare solutions in the Philippines, championing accessibility and the advancement of medical technologies for improved patient care.

Our Products and Services

For more than 30 years, HIMEX Corporation has been equipping hospitals and clinics nationwide with top-tier diagnostic technology. Now, in partnership with Canon Medical Systems, we are thrilled to offer a range of world-leading imaging solutions.

OUR SERVICES

Our track record speaks for itself, with over 1,000 MRI, CT-Scan, X-Ray, and Ultrasound systems installed. We are committed to delivering excellent sales and after-sales services, ensuring long-term success for our clients.

Preventative Maintenance Service

We offer full-spectrum support, including preventative maintenance, parts supply, and technical assistance, ensuring your systems run smoothly and efficiently.

Diagnostic Services

For clients not covered under our PMS, we provide comprehensive system diagnostics to assess and resolve issues in non-operational equipment.

Product Applications and Training:

Our professionally trained specialists offer expert product training, ensuring clients can effectively operate and maximize the use of our equipments.

Why Choose HIMEX?

Partnering with Canon Medical Systems, HIMEX Corporation combines decades of trusted experience with cutting-edge medical technologies.

Our commitment extends beyond delivery – we provide ongoing support, training, and clinical integration to ensure your long-term success.
